Event Cancellation, Postponement or Alteration

If, for any reason whatsoever, Swift is forced to cancel, postpone, or materially alter Sibos, in whole or in part, it will use all reasonable efforts to notify all registered participants reasonably in advance thereof. Wi-Fi

In addition to the Sibos Tools, Swift will offer all Sibos participants free access to Wi-Fi at the China National Convention Centre (CNCC). Swift will provide each participant with a unique and personal set of credentials to connect to the Sibos Wi-Fi network.

Credentials are unique and linked to a participant, therefore, they should not be shared with any other party, pre, during or post Sibos. To generate these credentials, Swift will collect specific personal identify information during the registration process to help enable access. Once this information is acquired, Swift will transfer this data to the legal and telecommunication authorities in China, who are sole responsible for credentials management and monitoring as they may deem appropriate.
